

THE WHITE HOUSE  
WASHINGTON

December 4, 1967

MEMORANDUM FOR: Office of the Director  
Office of Basic and Geographic Intelligence  
Central Intelligence Agency

I have recently received a copy of your September 1967 South Vietnam Provincial Maps booklet. I want to express my appreciation for this. This document will prove invaluable to us in answering the many questions that arise on the various provinces in South Vietnam.

I want to also share with you some additional questions which we receive here in the Rostow Office from time to time which may be of assistance to you in planning for further work in this area. In general, questions following along these lines:

1. What is the size of land area encompassed for each of the provinces?
2. What is the approximate population of each province?
3. What does the Viet Cong provincial breakdown look like and how does it correspond to the Government of South Vietnam provincial breakdown?

With appreciation,

Arthur McCafferty
